Subject: Information about COVID-19 (coronavirus) – update no. 10

Dear Parents/Guardians,

As you know, the Government has extended the closure of schools and adult education and vocational training centres until May 1. Please continue to visit the following websites which are updated on a regular basis to keep you well informed:

- SWLSB: www.swlauriersb.qc.ca
- Québec Government: www.quebec.ca/coronavirus

Resources for our SWLSB learners and families

Resources for our youth sector students and families during the school closure period can be found in our “SWLSB Learning Backpack”. These resources were carefully selected by our Pedagogical Services Department consultants and will be updated regularly. Please click [here](#) to access this page.

As of March 30, the Ministry of Education (MEES) will provide educational videos and an online resource kit containing pedagogical activities for preschool, elementary, and secondary students.

As of April 6, weekly activities will be posted by the MEES. We will keep you informed once we receive more information on these activities and on when they become available.

Picking up your children’s personal belongings

To ensure everyone’s safety, we are currently awaiting the guidelines from Santé publique and the MEES before allowing anyone access to our schools/centres. Once we receive clear instructions, we will share this information with you. Please do not come to the school/centre until we send a notification to this effect.

Frequently asked questions

COVID-19 is a serious health threat, and the situation is evolving daily. We are making every effort to keep our SWLSB community well informed and have created an [FAQ](#) for parents on our website. Should you have additional questions, please fill out [this form](#) and we will do our best to assist you.

Our thoughts are with our students and their families as well as our staff members, and we hope that everyone is taking good care of themselves. Let’s continue our collective efforts to stop the spread of the COVID-19 virus!

Thank you for your continued collaboration.
